OK - agree should talk first and can move the call with LWG to Friday. Can we finish the package this morning if you're tied up this afternoon so I can get it out today? Here's the draft cover letter.

Also - did you get the July 6, 2006 TRV letter I sent yesterday? It didn't show up in my sent view.

thanks
Chip

Chip,

I'm on a conference call with EPA HQ Office of Water on the soon to be released national selenium aquatic life criteria update between 1 - 3 pm today. Tomorrow is open. You and I should touch base before any calls with LWG so that we're on the same page.

Chip,
Per our conversation this afternoon about arranging a conference call for me, John, you and Burt to discuss the BERA, John and I are available between 1:30 and 3:00 tomorrow, and any time Friday.

Please let us know what time works best for you and Burt. I don't think we need more than one hour. Jen can then send out a formal Outlook meeting notice with the call-in info.

Thanks,

Jim McKenna
